One of the many blessings of the Santa Croce Program is to be immersed in rich intellectual formation in class, spiritual and human formation through travels, and communal formation through conversations and time spent together with other formators and superiors.

Sister Mary Maximilian, CK

The Opus Dei priests who taught us were knowledgeable, spiritually focused, and deeply intent on helping us learn what will truly benefit our communities.

Sister Mary Glorea, OSB

The classes offered an overall view of important aspects of consecrated life. There is something for everyone. Each class was both pertinent and interesting. I was edified by the priests who were so humble and desire holiness.

Sister Mary Mediatrix, SOLT

In our walking tours with Sr Regina Pacis, we experienced the visual beauty and history of the Church. Visiting tomb after tomb of the Saints helped lift my gaze to the lives of my old and new heroes of the faith.

Sister Mary Gemma, TOR

---

One professor asked an excellent question, "Why Rome?" I will not forget his answer. "To study in Rome is to be close to the Holy Father, and to be close to the Holy Father means to be close to the Church and the world."

Sister Mary Fidelis, CK

I experienced in a fuller way  
the universality of the  
Mystical Body of Christ in all  
its diversity and unity. I  
recognize the graces I have  
received are not for me alone.

Sister Edith Marie, CK

After all I've learned from the different professors and in our interactions with one another, I realized that it is I who have been re-formed. For me it was a great and meaningful experience.
